

International. Fun. Diverse.

BASFToastmasters is an international group of BASF and non-BASF employees, who enjoy improving their communication skills and learning from one another.

You are convinced that Toastmasters is your cup of tea? Great! We are delighted to have you as an official member of **BASFToastmasters**.

As an official member, you can work on your individual **Pathway projects** and deliver prepared speeches at **your own pace**. You will also be assigned a **buddy** to support you in your Toastmasters journey.

Get to know us and give us the chance to know you! We meet on every **second and forth Monday at 5:45 pm** on the BASF Ludwigshafen site. Our meetings consist of three main sessions: **prepared speeches**, **impromptu speeches** and **evaluations**. Visit us as often as you wish and participate actively in our meetings.

Our members make **BASFToastmasters** unique. Enrich our meetings with your creative ideas, constructive feedback and speech projects. On top of that, be part of the **Toastmasters International** network to fully benefit as a Toastmaster.
